

## CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

#### Thomas E. Garrett Dead.

Thos. E. Garrett, one of the best critics and brightest writers in the West, died at St. Louis last Friday. He was one of the old school of newspaper men; a true representative of a kindly class that all too soon, alas!—is fast dying out. Years and years ago he was river editor of the Republic. Those were the days when the Mississippi was a really great highway of the nations and the river editorship of a daily was one of the more important positions in journalism. Garrett became famous for his work in recording the doings on the broad bosom of the father of waters, but it was not in this line that he was to win lasting renown. As a side issue he commenced writing dramatic criticisms. These were written in a new vein—one which attracted instant attention and soon made the writer famous in theatrical circles the country over. Managers of theatrical attractions began to cultivate Garrett's acquaintance, as one who spoke with authority. He became known far and wide and soon enjoyed intimate acquaintance with every theatrical manager in the country. It was largely through his efforts that Mary Anderson, now Mrs. Navarro, was first brought to St. Louis and exploited as the greatest of American actresses. Garrett, too, was responsible for the appearance in this city of Adelaide Neilson, the great English actress of bygone days. In his newspaper work he was associated with a coterie many of the members of which have won renown with their pens. Among these may be mentioned Eugene Field, Stanley Waterloo, now of Chicago; John J. McGaffey, William Marion Reedy, Frank R. O'Neill, William Vincent Byars, Colonel Sam Williams, William Kelsoe, Thomas Dimmock, Dan Grissom, C. A. Howell, A. J. Stoffer, now of Washington; Frank Stone and John Dill. Before retiring from the newspaper line, Garrett was one of the chief editorial writers on the Republic. He was the author of an ambitious volume of poems, of more than passing merit. He was one of the founders of the B. P. O. E. and drafted the ritual that is still in use by the Elks. He was a thirty-third degree Mason and held many of the more important positions in the Masonic fraternity. He is survived by his wife, Margaret, and a son, Richard H.—St. Louis World.

#### Chronic Diarrhoea.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is the most successful medicine in the world for bowel complaints, and is the only remedy that will cure chronic diarrhoea. For sale by Arcadia Drug Co.

The merchants down in Indian Territory have been informed that they must pay the tribal tax to the Indians for doing business there, though the case is still in the courts. They appealed to the President and his blunt answer was: "Pay the tax and wait for the final decision of the court." This is all right, but when the railroad arbitrarily increased the rate on live stock into Chicago ten years ago, and the interstate commission decided it was excessive, and the supreme court of the United States decided that it was wrong—the roads went right on, and are still levying the robbery, and we haven't a Roosevelt who will make the roads obey the law like he does the little retail merchants. Corporations run the whole legal machinery of the United States, and do pretty much as they please. The laws are enacted solely for the benefit of the great corporations as aids to their robbing the public.—Appeal to Reason.

#### Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, December 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c, \$1. Sold by Arcadia Valley Drug Co.

#### Bellevue Items.

Not having seen any "Bellevue Items" in the REGISTER for nearly two months, I shall attempt to send a short communication for this week's issue.

I have been very busy, much of the time away from home, which accounts for my apparent negligence in the matter of reporting from this point.

Up to date this has been an ideal season for farming, and farmers are happy.

The people of Bellevue were very much shocked on the morning of June 22d by the report of the sudden death of Miss Leota Hawkins, which occurred at five o'clock A. M. of that day. Miss Leota was a model young lady with many friends in Iron county, whose hearts were very much saddened at the news of her death.

Thomas Bell recently purchased the Blakely property from James Webb.

Miss Girtle Fitzpatrick recently visited her brother, Charles, in St. Louis.

Ed. Westerman, of Edge Hill, passed through town Saturday on his way to St. Louis.

J. A. Ramsey and J. T. Patterson made a trip to Ironton Saturday last.

The Rev. J. H. Price recently preached to the people on Imboden.

J. M. McDowell and wife, of Ewing, Ill., recently spent a week visiting J. T. Patterson. They appeared to be very favorably impressed with the grandeur of the Ozarks, and have purchased the J. A. Ramsey farm, two miles south of town. The price paid was \$1400, and they will move to the farm the last of August. J. A. Ramsey will move to Flat River. McDowell was a college chum of the writer at Ewing in 1882-4, but he has devoted his time to farming for nearly fifteen years. Occasionally you will find one who appears to have seen that, from a financial point of view, the teacher's life must be a failure. Alas! how true!

Mrs. Morris is visiting her parents, Mr. and Mrs. J. M. Hawkins. Will Edmonds is visiting his parents here this week.

Mr. Craig, of Cook Station, is visiting his daughter, Mrs. J. Q. Adams.

James Paullus, Esq., made a business trip last week to Coldwater.

Rev. Hill recently conducted a week's meeting at the First Baptist church.

J. C. Russell last week purchased a new survey.

Miss Letha Moyer recently visited her friend, Miss Ethel Holman, Hogan.

John Edmonds recently made a trip to Illinois to see his best girl.

Mrs. Frank Fitzpatrick and family removed to St. Louis last week, where they will join Mr. F. who has a position on a street car.

The Second Baptist people had a picnic in the grove in the school house yard Saturday, June 24th. Free ice cream and lemonade for everybody was one good feature of the occasion. Owing to the fact that I was called away from home on business, I did not get to attend the picnic; but I am told that it was a success.

P.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by Arcadia Valley Drug Co.

#### Goodwater Items.

During the past month we have been blessed with an abundant rainfall; consequently crops of all kinds are thriving. Corn never presented a better appearance than it does here now. Oats, which are now ready to be harvested, are good. Wheat has been cut and shocked. The grain is good, but it grew thickly in most fields in this section. Hay is in progress. Much hay has been badly damaged by the continuous rains here this week.

Our school is to open on Monday, July 3d. W. G. Henderson, of Burgundy, has been employed as teacher.

Married—On Sunday, June 18, 1905, Mr. James Ledger to Miss Effie Hedrick, Squire Henderson officiating.

The remains of Mrs. Luther Scott (nee Lucinda Dennis), who died at her home near Goodland suddenly, were buried on Samuel Crocker's farm on the 25th inst., near the grave of her first husband, the late Ellis Taylor.

The following named persons were here on business during June: J. A. Manes, of Richland; John Walton, of Belgrade; Jas. Mason, of near Courtois.

Among those who visited relatives and friends here during the past month were the following persons: Israel Chandler and family, of near Davisville; Geo. F. Mason and family, of near Toiu; Geo.

Martin and children, of Bonne Terre; Guy Erbschloe, of St. Louis; Lee Erbschloe, of Ironton. After spending a few days with home folk, D. W. Lucas, of Columbia, went to Grandin on business.

The following named residents of this locality went to the points named on business during June: J. M. Lucas, Alex. Abney and Ira Carl, to Belgrade; Jas. O. Scott, to Ironton.

Chas. Nasser, Ira Carl, Winfred Crocker, Floyd Payne and Elmer and Edgar Anderson attended the picnic at Dillard on the 17th inst.

The Sligo Company is having all the lands belonging to the company in this section surveyed. It is said that the surveying party in charge of Mr. Flickinger will be employed constantly for about five months.

Brann's Iconoclast for May, thus characteristically speaks concerning Garfield's report on the beef trust: "If we admit the report to be true, cattle raisers should be arrested for extortion, and consumers compelled by law to pay the Beef Trust profits sufficient to keep the Armour, Swifts and Cudahys from going to the poorhouse." Who but an anarchist will say that these kindhearted, self-sacrificing men, who monopolize the meat industry of the country, do not deserve three square meals a day? \* \* \* Farmers and cattle raisers should also be forced to contribute every other head of marketable stock to the Beef Trust for ten years." R. E.

#### Splitting Headache

Can be often relieved by a nerve sedative, but the scientific way of treating a headache is to go right down to the real cause, or root of the trouble, and cure it with Dr. Caldwell's Syrup Pepsin. It is the only perfect cure for headache, dizziness, constipation, and is free from the dangerous after-effects, which so frequently follow the use of headache powders. Try it. Sold by Arcadia Valley Drug Co. at 50c and \$1. Money back if it fails.

#### Roselle Items.

This vicinity has had plenty of rain the past week. Farmers that were through plowing their corn have nothing to regret.

There are two threshing machines in Roselle, but wheat will have to have a few days of sunshine before their work can be resumed.

A. R. Henry and family are visiting relatives in Roselle at present.

There were no services at Graniteview church last Saturday and Sunday, but a very good attendance at Sunday School.

Geo. Sharp and two daughters, of Cape Girardeau, are visiting friends and relatives in Roselle at present.

Frank Barnes and wife, of De Soto, have been visiting relatives here recently, returning to their home last Thursday.

Mrs. Jane Harvey is visiting her daughter, Mrs. Addie Inman, at present.

M. L. Henry and family were the guests of Mr. and Mrs. Thos. Austin Sunday.

S. B. Cook and family visited Mr. and Mrs. David Inman Sunday.

Several parties from this vicinity contemplate spending the 4th at Fredericktown and Ironton, while some intend to attend the basket picnic at the river in this vicinity. SUNSHINE.

#### Don't Let Baby Cry.

When baby cries, something is probably wrong with its stomach, or other digestive organs, and no time should be lost in giving it a dose of Dr. Caldwell's (laxative) Syrup Pepsin. This is the only safe laxative medicine for babies and children, and should always be kept in the house. It contains no injurious ingredients, and can do nothing but good. Try it. Sold by Arcadia Valley Drug Co. at 50c and \$1. Money back if it fails.

#### Hogan Items.

Robert and Frank Goff left for Cadet to spend the fourth.

Miss Beulah Dunning returned from St. Louis last Friday.

P. A. Myers, W. J. Lee and mother, Mrs. Bisch and Miss Maude Reese attended the Commencement at Arcadia last Monday.

Mrs. Will Warren and children returned from Piedmont last week. Quite a number of Hogan people took in the picnic at Ironton the 4th.

Miss Dunn, of Sabula, was the guest of Mrs. Hughes last Tuesday.

Operator Bisch spent last Friday in St. Louis.

Misses C. Kistner, Emma Nance and Martha Ardenreith were in Ironton last Saturday. MAUDE.

#### Group

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Snow Liniment and apply Ballard's Snow Liniment externally to the throat. 25c, 50c, \$1.00. Sold by Arcadia Valley Drug Co.
